Protobrite £13.86
Krystal Klear £14.85

Protobrite & Krystal Klear 2x5L each

Glasswasher Detergent & Rinse aid designed to be used together.

Protobrite works to remove tough grease and stains while Krystal Klear provides rapid drying and spot & streak free results. Resulting in pristine glasses, even in harder water areas.

Renovate® 2.5KG

£13.59

Put the sparkle back into your glasses. Renovate is simple to use, stripping the glasses of the build up of protein, yeast and blooms, which most detergents can't remove. Allowing you to serve drinks at their best, with no additional cost of replacing glasses.

Renovate can also be used to prepare new glassware & clean your glass washing machine.

Quash® Intro Pack

(1 applicator & sponge, measuring cup and 1x500ml solution)

Intro Pack £19.18
Refill Pack £21.83

The hardest stains to remove are lipstick & food grease. Saves drink wastage, time and complaints by pre-treating them with Quash®. The first and only patented system designed for pre-wash and removal of lipstick and other grimes.

Kiss lipstick marks away

Also available refill pack (2x1L solution & 4 sponges)

"Efficient Service Consistent Quality"

£10.69

Prosan Plus 2x5L

Our purple beer line cleaner, suitable for all beverage dispense lines and equipment. Contains a Chlorine based sanitizer and an alkali detergent to remove contaminants, dirt deposits and thresh holding agents. When used correctly no deep clean / reset is required.

Spectacular results even at 1% dosage. Lasting twice as long as our competitors equivalent when used correctly

£9.89

Protinate 2x5L

Our clear beer line cleaner for heavy duty use. Contains a Chlorine based sanitizer and an alkali detergent to remove contaminants, dirt deposits and thresh holding agents from all types of dispense lines and equipment. When used correctly no deep clean / reset is required.

Allows excellent results to be achieved even in hard water and difficult conditions.

Protinate Precise £10.35
Prosan Plus Precise £11.35

Protinate Precise & Prosan Plus Precise 9x500mL

Our purple and clear beerline cleaners available as an exact dosage, for use with a 50L cleaning vessel.

All the benefits of the selected cleaner with no more free pouring or measuring cup. This reduces the risk of flavour taints and damaged lines, while saving money, time and being safer to use/handle for your publican.

£13.20

Guardian 2.5KG

Treatment for infrequent or unused dispense lines. Keeps dispense ready, without causing damage, or the need to clean, before re-use. Ideal for function rooms or seasonal bars. Saves time, drink wastage and unnecessary complaints. Can also be used as a supplemental rinse additive to ensure lines are clear of beerline cleaner.
